

To create RAR file individually of each folder in current path.

- Go to that path where your folders exists.
- Run below command.

```
for /D %d in (*.*) do "c:\Program Files\WinRAR\rar.exe a %d.zip %d
```

Create separate RAR file of each folder using batch

Create filename.bat and put below content into it.

```
for /D %%I in ("D:\test\*") do ("C:\Program Files\WinRAR\rar.exe" a -  
ag[dd.MMM.yyyy_HH:MM] -@ -cfg- -ep1 -idq -m3 -r -s- -tl -y --  
"D:\test\%%~nxI.rar" "%%I\")
```
